Trinity College

Trinity College was founded in the sixteenth century in what was then a rural outpost, and which now forms the heart of Oxford’s city centre. The College has developed over four and a half centuries into a vibrant and diverse educational community that has produced award-winning academics, successful leaders in the business, political and economic world, and passionate public servants, teachers and campaigners. Our community of 450 students and 300 academics and staff come from more than 40 countries and form a community that is open, outward-looking, and supportive. Our ambition is for our community of students, academics and alumni to bring their talents to make a positive impact on the world – through their teaching and research, and through the many other passions and talents our community encompasses.
